Beschreibung der CrossAsia-Datenbank: „airiti eBooks“:

The airiti Books platform provides access to more than 6000 licensed eBooks from Taiwan in the field of humanities and social sciences. All licensed titles can also be found in the EAD electronic catalogue (crossasia.stabikat.de) under eBooks and in the CrossAsia search. Access via the airitiBooks platform provides fulltext access to licensed eBooks and preview access for all other titles. The licensed eBooks can be read online or downloaded for offline reading (i.e. borrowing the book for seven days). For downloading it is necessary to register at Airiti and to install the ebook reader iRead eBooks for PCs (Windows) or mobile devices (iOS and Android). After registration check out the eBook, start the eBook reader and download the eBook. Please refer to the guides in [Chinese](#) and [English](#) (PDF).

Beschreibung der CrossAsia-Datenbank: „中文電子學位論文服務 (CETD) Chinese Electronic Theses and Dissertations Service“:

The CETD (Chinese Electronic Theses and Dissertations Service) collects dissertations and theses of all main Taiwan universities and research institutions but also some from abroad (a full list is shown under [校院瀏覽](#)). The "service" started in 2005 with the aim to collect all dissertations and master theses "from both coasts and all four Chinese regions" (兩岸四地) at one platform. While most of the dissertations are written in Chinese and derive from Taiwanese institutions, the database also provides quite a number written in English. Currently the database allows searches over the titles, abstracts, table of contents, bibliographies, adviser's names etc. of about 114 000 dissertations and theses; about 80 000 of them are accessible as full text PDF (marked in the hits with a text icon). The full text of the PDFs themselves are not searched via the CETD interface, but the PDFs can be searched and printed after download.

The screenshot shows the Airiti Library website interface. At the top, there is a logo for 'airiti Library 華藝線上圖書館' and a language dropdown menu. Below the logo is a navigation bar with 'Browse', 'Advanced Search', and 'Prepaid&Cart' options. A search bar is prominently displayed with a magnifying glass icon and a 'More Options' dropdown. The main content area features a large banner for '尋找失落的基因組' (Finding the Lost Genome) by Svante Pääbo, with a sub-header '尼安德塔人與人類演化史的重建' (Reconstruction of Neanderthal Man and Human Evolutionary History). Below the banner are tabs for 'Recommended', 'Preprint', 'Recently Added', 'Featured Journal', and 'Academia News'. The 'Recently Added' section lists several publications with their titles and publish dates. To the right, there is a 'Seminar Bulletin' section with dates and topics. On the far right, there is a 'News' section and a 'Top Resolved airiti DOI Journal' section with a list of journals and their resolution counts.
