Course procedures

The course materials will be placed on Moodle. The login and password will be sent to you per email.

It is your responsibility to check Moodle every week for the assignments and upload your homework before the deadline expires.

We will have a regular class every week on Thursdays from 14:15 to 15:45, which is the normal class time, and you are required to attend.

In some cases, you will be assigned group work, in which case we would finish earlier to give you enough time to finish the project. During the following session, you will then present your results from the group assignment of the previous week.

Graded certificate requirements:

- Regular and active class participation
- Completion of course-related tasks
- Presentation (8- 10 minutes) followed by a Q&A session. (25% of the grade)
- Class writing assignments (25% of the grade)
- The exam will consist of a reading and writing task. (each has a value of 25% of the grade)

Post Exam Review

After you have received your grade, I will set up an appointment via Zoom, for the Post Exam Review. The post-exam review is voluntary.

Recommendation

In order to keep pace with the course, it is advisable to stay informed by reading English newspapers regularly, as well as listening to and/or watching English TV-channels as well as podcasts from various websites such the BBC or NPR.Org. That will enable you to improve your reading and listening skills, in addition to improving your ability to participate confidently in discussions.
